Bogor, West Java, Indonesia | +62 812 1010 2875 | abdilnayakanr@gmail.com
www.linkedin.com/in/abdil-nayaka-rizky-6467a0293

Informatics student with a strong interest in web development, data science, artificial intelligence (AI), and machine learning (ML). Currently at an intermediate skill level, I am continuously expanding my expertise in these fields and committed to further developing my abilities through hands-on projects and learning.

EDUCATION

GUNADARMA UNIVERSITY

Bachelor of Informatics

Cumulative GPA: 3.95 (2nd Semester)

Depok, Indonesia

Expected 2023 - 2027

PROJECTS

Guessify: Number-Guessing Game

August 2024

Guessify, an interactive number-guessing game built using HTML, CSS, and JavaScript. The game challenges users to guess a randomly generated number within a specific range, providing real-time feedback and a dynamic user interface.

Qruz: QR Code Generator

August 2024

In today's digital world, sharing information quickly and efficiently is crucial. Qruz is a web-based QR code generator developed using HTML, CSS, and JavaScript that enables users to create customized QR codes effortlessly.

Used Car Price Prediction Using Regression

October 2024

This project aims to predict the prices of used cars based on historical data using regression techniques. By analyzing features such as month, year, and minimum and maximum prices, a linear regression model is developed to provide estimates of the average price. The project utilizes Python and various libraries such as pandas, scikit-learn, and matplotlib for data processing and visualization of results.

Certifications

Hard Skills :

Big Data Fundamentals by IBM

October 2024

Data Science Fundamentals by IBM

October 2024

Data Science Fundamentals by Kaggle

October 2024

Machine Learning Introduction by Kaggle

October 2024

Soft Skills :

Agile Project Management by HP Life

October 2024

Effective Leadership by HP Life

October 2024
